

Item 4. Queer Ongyaains: Activity Suggestions

1. The rhyme can be said like a spell. Use this as you wish, play with it and make up activities as required.
2. This could also be used as an action song. Make up your own actions or use the sheet provided. Play with the rhyme. Learn the words and say it together as a group. You could then do it individually, doing the actions as a group but moving around the circle, each child saying a line each. Try slowing it down and speeding it up. Say it quietly, say it loudly...
